Dear Sir:

I am advised that UNC Chapel Hill's General Counsel has notified you on three occasions that UNC is reviewing your allegations against Dr. Cramer. She has also written to your attorney, Ms. Nicole Thompson, suggesting a conversation. As you are represented by counsel, I am sending a copy of this email to her, and advising that I am willing to speak with your attorney should she wish to contact me. Meanwhile, we will await the campus's completion of its review of your concerns.

Very truly yours,

Dear UNC

See below emails from Kook and Thorp

Then note today's dated...

Then count the number of days between the cited date for a reply and the reality of the situation

Then look back at a dozen or more requests for your ASSISTANCE to "police" Cramer

Then look at your measured response

Hint: There was none! NONE

Funny, I thought emails and phones work during vacation and over the holidays?

Silly me

THEN look at the slander, damage and legal liability against UNC he has created on my person

www.ourpaws.info/joe

Then see the 90 page document HERE for EXACT and PRECISE details

AS WELL as the PRECISE UNC Guidelines that have been violated!

http://www.scribd.com/doc/45450586/Elliott-Cramer-Complaint-v6?secret_password=2hdbafxebyvtjnh9r67c

or

http://www.scribd.com/full/45450586?access_key=key-1piavej4onpqyzozcw6

(Please advise if the links do NOT open)

If you think I'm going to go away, you are dead wrong!

I am beyond dismayed by how unprofessional your Legal and Administrative staff have been at UNC

See the emails below

The "first week of January" has come and gone as has "tomorrow" and still not a single email or phone denoting ANY meaningful action

And YET Cramer is STILL slandering me on a daily basis, STILL using his UNC emails and STILL has the website up her created on me!

NOTHING has been done.

Do you get it?

He is USING YOUR NAME to illegally raise money!

He is using YOUR EMAIL address to administer a slanderous website!

He is using YOUR good (??) name to raise money for a nonprofit!

He is playing you all like a HARP and you are allowing him to do so!

He is also still ILLEGALLY soliciting money WITHOUT a MANDATED NC State Solicitation License

NOR has he replied to TWO requests for compliance from the state for his EXPIRED exemption status

I'm **warning**, yes warning you in clear language, I want written, DIRECT and ACCEPTABLE ANSWERS **within 24 hours or UNC will be sued**

Trust me, your digital fingerprint is ALL over his handiwork

AND I have ALREADY "marketed" a "legal brief" of the situation and identified a contingency-based law firm

So NO COST TO ME to pursue legal action

OR -- I may easily take the pro se/pro per route

And trust me, I'm a three school Ivy Leaguer...I know my way around in a court room...even out of state and Federal court rooms

I ALSO know how to spin the media

And with ALL of the explicative and Harassment by Cramer coupled with his prior notoriety --

Who do you think the press will believe?

24 hours, I'm done waiting and dealing with your incompetence, denial and unprofessional

I trust I'm being clear?

UNC Chancellor Shuts Down Right-Wing Youth Group

Posted in Hate on Campus by David Holthouse on September 25, 2009

 Print This Post

The chancellor of the University of North Carolina-Chapel Hill has shut down the UNC chapter of the anti-immigrant group Youth for Western Civilization after its faculty adviser joked about his proficiency with a Colt .45 handgun.

The adviser, professor of psychology Elliot Cramer, was responding to an E-mail alerting him that fliers bearing his photograph and home address had been distributed on campus. The fliers were captioned, "Why is your professor supporting white supremacy?" They urged students and faculty members to pressure Cramer to withdraw his support of Youth for Western Civilization, a national organization with direct ties to hate groups and white nationalist websites.

"Thanks for your concern," Cramer replied in a Sept. 19 E-mail that he copied to Chancellor Holden Thorp. "I have a Colt .45, and I know how to use it. I used to be able to hit a quarter at 50 feet seven times out of ten."

Thorp ordered Cramer to step down as the group's faculty adviser the following day, effectively freezing the group's activities. "This email is highly inappropriate," the chancellor wrote to Cramer. "It is certainly not consistent with the civil discourse we are trying to promote."

Ms. Kook

Thank you for your time today on the phone

I'm hoping you could pass this email on to Ruth Brill and Attorney Laura Luger

Please see the below missive from Attorney Strohn

As well as the below link which is VERY clear

I've also attached the NC Secretary of State complaint against Cramer for your edification

As well as a prior letter to UNC

I'm hoping someone at UNC finally takes this matter seriously as I'm in awe it's been going on for a month

With no real UNC intervention

I'm hoping Attorney Luger can help

I'd hate to have to go to the Board of Trustees of Board of Governors

This is a link to 90 pages of detailed info on Cramer

PLEASE review

http://www.scribd.com/full/45450586?access_key=key-1piavej4onpqyzozcpw6

Please see the below screenshots and prior emails

FYI, here is Cramer's UNC page

<http://www.unc.edu/~cramer/>

Note he advertises TWO of his nonprofits there

YET when you click his PAWS page, it brings you to this about me:

<http://www.ourpaws.info/joe>

Cramer has worked with others to send the above page to HUNDREDS of individuals!

A planned and methodical "smear campaign"

Why?

Because I caught him illegally raising money through UNC, and he didn't like that!

Hence he is not only collecting money illegal through TWO nonprofits linked to his UNC page

BUT he uses TWO UNC email addresses to channel the money through PayPal!

Hence he is deceptively co-branding his private solicitations with UNC's name

He is also breaching your harassment guidelines

And your Internet terms of use guidelines

AS well as illegally raising fraudulent monies via UNC

After being warned by the NCSOS, he posted the below solicitation on Facebook

In defiance!

Speaking of which he breached TWO Cease and Desists from my attorney!

Dozens of times, to be precise

Sadly, he is pulling me into a lawsuit

Yet UNC is 100% liable for his errs

Why?

Virtually everything he's done has a UNC digital fingerprint on it

I'm therefore hoping you can "police" his actions:

1. Remove ALL UNC email addresses
2. Remove his UNC website
3. Remove the "ourpaws.info/joe" slanderous website
4. HARSH penalties for all UNC guideline violations
5. Work with UNC police on criminal charges
6. UNC apology
7. Cramer apology
8. Etc.

I've gone through Attorney Strohm several times

And though I received an initial reply (below) reassuring me

NOTHING of substance has been done by UNC

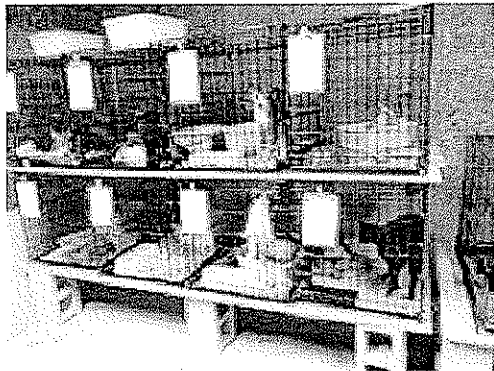

FYI, it takes seconds to disable email accounts, not weeks

I hope you agree

Please have your General Counsel or another attorney contact me ASAP

Thank you!

- joseph villarosa

Dear Mr. Villarosa,

As I wrote to you on November 22, the University will look into the concerns you have raised regarding Dr. Cramer and his use of university resources for personal correspondence. As I'm sure you can appreciate, the University is balancing a number of priority matters. Given the press of year-end deadlines, it may be early January before we can get back to you.

Thanks for your interest in protecting the University.

Sincerely,

Leslie Strohm

Greetings UNC friends
I was hoping for a reply to my below email
Last time I checked -- Cramer still was sending emails via his UNC addy
I find this odd considering the situation
See two bullet points below

On 11/28/10 3:04 PM, "Joseph Villarosa" <alphanalyst@catskill.net> wrote:

Dear Chancellor and Vice Chancellor
Thanks for looking into the matter with Dr. Cramer
Please note - I just "pinged" his two UNC email addresses
To see if they were valid
(A techie test, NOT via an actual email)
BOTH came back with a very high probability the accounts are STILL active / working
I'm shocked
See below
No one is telling you how to run your battleship
BUT, this Professor is besmirching your good name on many levels
And totally harassed me

AND broke the law!

As such, I was hoping for:

- An apology from him in writing (see prior email request for same)
- Confirmation that BOTH email addresses were deleted

I'm hoping you will be so good as to provide same

He's obviously been a thorn in your side for some time now

In my mind, neither his age nor his "emeritus" status have NOTHING to do with sanctioning him

I trust you agree

What's right is right

FYI, I also heard he tried stirring the pot and contracted SEVERAL others about me

Including Attorney Gerber who benefited from his ILLEGAL chipin

This does not make me happy

i.e., He's pretending to play nice in your eyes, but still harassing me!

Note — I've already spoken to the NCSOS

A FEW times

And I have written confirmation that his fundraising violated many state guidelines

EACH of which is punishable by a \$10,000 fine

Doubt, me, see the SOS website for the guidelines, they are very clear

Because he co-branded the chipins with the "UNC" email account

I'm entitled to ALSO report UNC to the SOS

I really don't want to do this

But I will unless I get confirmation that he has been disciplined

He wronged me and I don't want this swept under the carpet

As I said before, I'm on your side here and look forward to your timely reply
